■ **LOCATION:** In the south of Tenerife, in the town of Adeje, the Bahía Príncipe hotel that takes the name of this Canary Island is found. It offers wonderful views over the Atlantic Ocean of the neighboring island of La Gomera. It has a pleasant climate, with average temperatures ranging between 20 and 26 degrees, so you can enjoy a swim in the hotel's cove or in its swimming pools throughout the year, a feature that makes the Canary Islands a unique and very special destination. At Bahía Príncipe Tenerife guests enjoy an unforgettable vacation. Its location is privileged as well: surrounded by wonderful natural landscapes and only 30 minutes from the Tenerife Sur airport. The famous Playa de las Américas is 10 minutes away from the hotel (shuttle bus).

■ **FACILITIES AND SERVICES:** Customer care is the top priority of the Bahía Príncipe Tenerife, whose range of services for relaxing in the spa, having fun in the swimming pools or playing sports is wide and varied. Boredom is not an option in a hotel with two pools - one that is lake-style, with a heated section in winter and another for children - and an outdoor Jacuzzi pool, all set in an unparalleled environment surrounded by a large sunbathing terrace full of gardens, with deck chairs and beach umbrellas where you can relax with the towel service (with deposit). You can also enjoy the 3 swimming pools - one for children only - and the Jacuzzi at Bahía Príncipe Costa Adeje, located next to the hotel. The perpetual spring climate of the Canary Islands invites you to enjoy the night. And the Bahía Príncipe Tenerife also has many options for all types of guests, from those who want to see a show with the whole family to those who want the fun to never stop in the bars.

■ **ROOMS:** Most of the 220 rooms face the sea. Depending on their category they are referred to as **Standard, Junior Suite and Junior Suite with views.** The **standard** rooms are quite spacious (30 m<sup>2</sup>) and are equipped with comfortable beds, a big bathroom, satellite TV and a balcony or terrace. Guests can choose between two twin-size beds or one king-size bed. All the rooms have air conditioning, ceiling fan, direct-dial telephone (external calls with charge), mini-bar, safe (with charge), bathtub, separate shower, two sinks, hair dryer and amenities. cuisine buffet serving breakfast, lunch and dinner. Guests can also choose to have an a-la-carte dinner in the two theme restaurants that are: Doña Lupita, where you can enjoy the best dishes of Mexican cuisine and Asia, specialized in Asian and fusion cuisine. The other option is the Italian restaurant in the Bahía Príncipe Costa Adeje hotel. The hotel's bars, located in the lobby and in the pool, serve a wide selection of drinks. Guests can also go to the 3 bars at Bahía Príncipe Costa Adeje. All reservations include three dinners per week at the a-la-carte theme restaurants.
